OBJECTIVE

To take up a profession which helps me to strive a head and climb the ladder of success, completely exploiting my acquired skills and abilities and providing an atmosphere to learn more.

TECHNICAL / COMPUTER SKILLS

- **Languages:** C, C++, Java, Python, HTML, CSS
- **Machine Learning / NLP:** fastText, TF-IDF, SVM, Ensemble Models, Text Augmentation, Deep Learning
- **Tools & Frameworks:** Scikit-learn, TensorFlow, PyTorch, NumPy, Pandas
- **Productivity Tools:** Microsoft Word, Excel, PowerPoint, Tableau, Power BI

EDUCATION

Degree	School / University	Grade	Year
MSc. (Computer Science)	MangaloreUniversityKonaje	78.24 %	2023
BSc. (PMC)	CanaraCollegeMangalore	73.86 %	2021
12 th (PUC)	Parijnan Pre-University College Someshwar	76.83 %	2018
10 th (SSLC)	Sharada Ganapathy Vidya Kendra Punyakoti Nagara Kairangala	84.83 %	2016

PROFESSIONAL EXPERIENCE

Lecturer in Computer Science : *Shri Rama First Grade College, Hanuman Nagar, Kalladka - October 2023 – Present*

- Deliver undergraduate-level Computer Science courses using structured curriculum and interactive teaching methods.
- Design and evaluate assignments and tests to assess student performance.
- Collaborate with faculty to enhance academic programs and maintain a positive classroom environment.

PROJECTS & RESEARCH WORK

1. Hate Speech Detection – HASOC 2023 (FIRE Conference)

- Developed ML and few-shot learning models (SVM, Ensemble, Siamese LSTM) for detecting hate speech in low-resource Indo-Aryan languages.
- Achieved macro F1-score of **0.836**, ranking among the top teams internationally.

2. Sentiment Analysis in Code-Mixed Text – DravidianLangTech 2023 (RANLP)

- Built sentiment classification models for Tamil and Tulu YouTube comments using fastText embeddings, SVM, and ensemble techniques.
- Handled imbalanced data using preprocessing and data augmentation strategies.

3. Multilingual Hate Speech Detection – M.Sc. Final Project

- Implemented multilingual classification models (Logistic Regression, SVM, Naive Bayes) with TF-IDF and emoji-to-text conversion.
- Achieved up to **80.35% accuracy** using SVM on datasets in English, Tamil, Kannada, and Malayalam.

STRENGTH

- Excellent communication and interpersonal skills
- Strong leadership and classroom management
- Team player with collaborative mindset
- Quick learner with adaptability to new tools and technologies
